At equal lightness six muted hues are six greys; alternating lightness separates them

Light twin · same six hue angles in slot order · distances in OKLab × 100, floor 15 in colour; deficiency after Machado et al. (2009)

a Six hues at one lightness, L 0.56, C 0.085

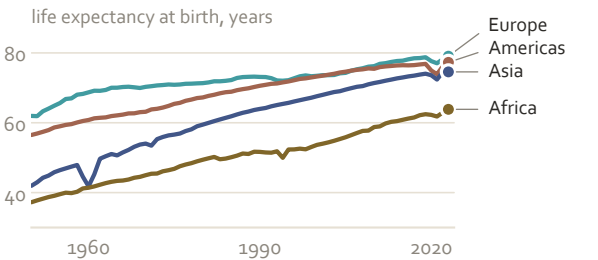

the same chart in greyscale, labels removed

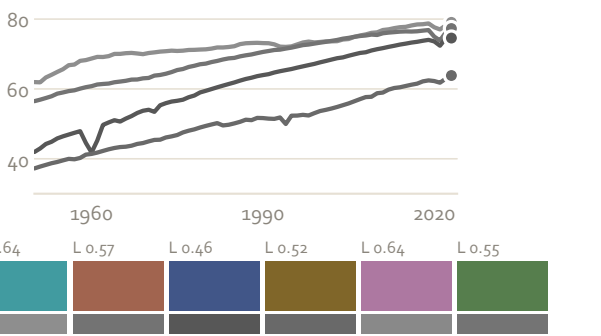

smallest distance between neighbouring slots

13.8 in colour · 0.0 in greyscale · 8.1 under deficiency

b The Vellum tones, lightness alternating

the same chart in greyscale, labels removed

smallest distance between neighbouring slots

18.3 in colour · 6.4 in greyscale · 11.4 under deficiency
